Language bar only works when you have more than one Keyboard language installed.. Otherwise try this sign-in, at the top of the page click on your name on the blue bar across the top of the page, scroll down till you see a rectangular box with a plus sign in it usually.. Please mark HELPFUL or ANSWERED as appropriate to keep list as clean as possible ☺ Regards, Bob J.

Language of the text in your documents is up to you based on the Language formatting you choose to use.. In Tools> Language you can specify the Default to be used for new documents & set the language formatting of selected text.. How does this happen? I can only assume this happens when you download an App and it changes the system settings.. Language formatting -- as with any other formatting -- is best done in the Styles used to format your documents. [A Nutrition Program For](#)

If you have access to an English copy you can install it in place of your present language version using your same Product Key.. Now you will see it in toolbar Unlike Office for Windows, the Mac versions UI can only be displayed in the specific language you buy. 773a7aa168 [Free Aba Data Collection Software For Mac](#)
